NOTICE OF RESOLUTION OF CERTAIN POTENTIAL OVERPAYMENTS

RE: FFS Payment Amount on Certain MA Claims: \$X.XX (See Enclosure for Details)
Amount Redeemed by MA Organizations: \$X.XX
Outstanding Balance: \$0.00
Provider Number: 123456

Dear Sir/Madam,

This letter is to notify you of the **full and complete resolution** of certain erroneous Medicare fee-for-service (FFS) program payments, as noted above and on the enclosed claim listing.

We notified you on June 15, 2018 and/or January 28, 2019 of certain claims that were paid incorrectly by the Medicare FFS program for Medicare beneficiaries enrolled in Medicare Advantage (MA) plans between July 2014 and January 2018. The applicable MA plans should have paid these claims for their enrollees, rather than the Medicare FFS program.

To reduce burden for affected providers, certain Medicare Advantage Organizations (MAOs) have made voluntary repayments to the Medicare FFS program to satisfy specified erroneous FFS payments. The enclosed claim listing identifies the FFS payments previously made to you that were fully resolved by MAO voluntary payment(s), as well as the MAO(s) making these voluntary payment(s). Any potential FFS overpayments associated with the claims on the enclosed claims listing have been fully resolved.

Please Note: The voluntary MAO payments resolved many, but not all, of the erroneous FFS payments that were identified in our notifications dated June 15, 2018, and/or January 8, 2019. Certain other erroneous FFS payments remain unresolved by the voluntary MAO payments. If you received some of these unresolved erroneous FFS payments, as identified in our June 2018 and January 2019 notifications, please be alert for additional communications from us concerning their resolution.

Should you have any questions, please contact us at MA.Response@palmettogba.com .

Sincerely,

Medicare Part Recovery Unit
Palmetto GBA, LLC
