Provider Enrollment Application Status Lookup Tips

- In order to use this feature, please have your PTAN or application reference number (Document Control Number) ready
- This feature is available at PalmettoGBA.com under **Self Service Tools** for your line of business

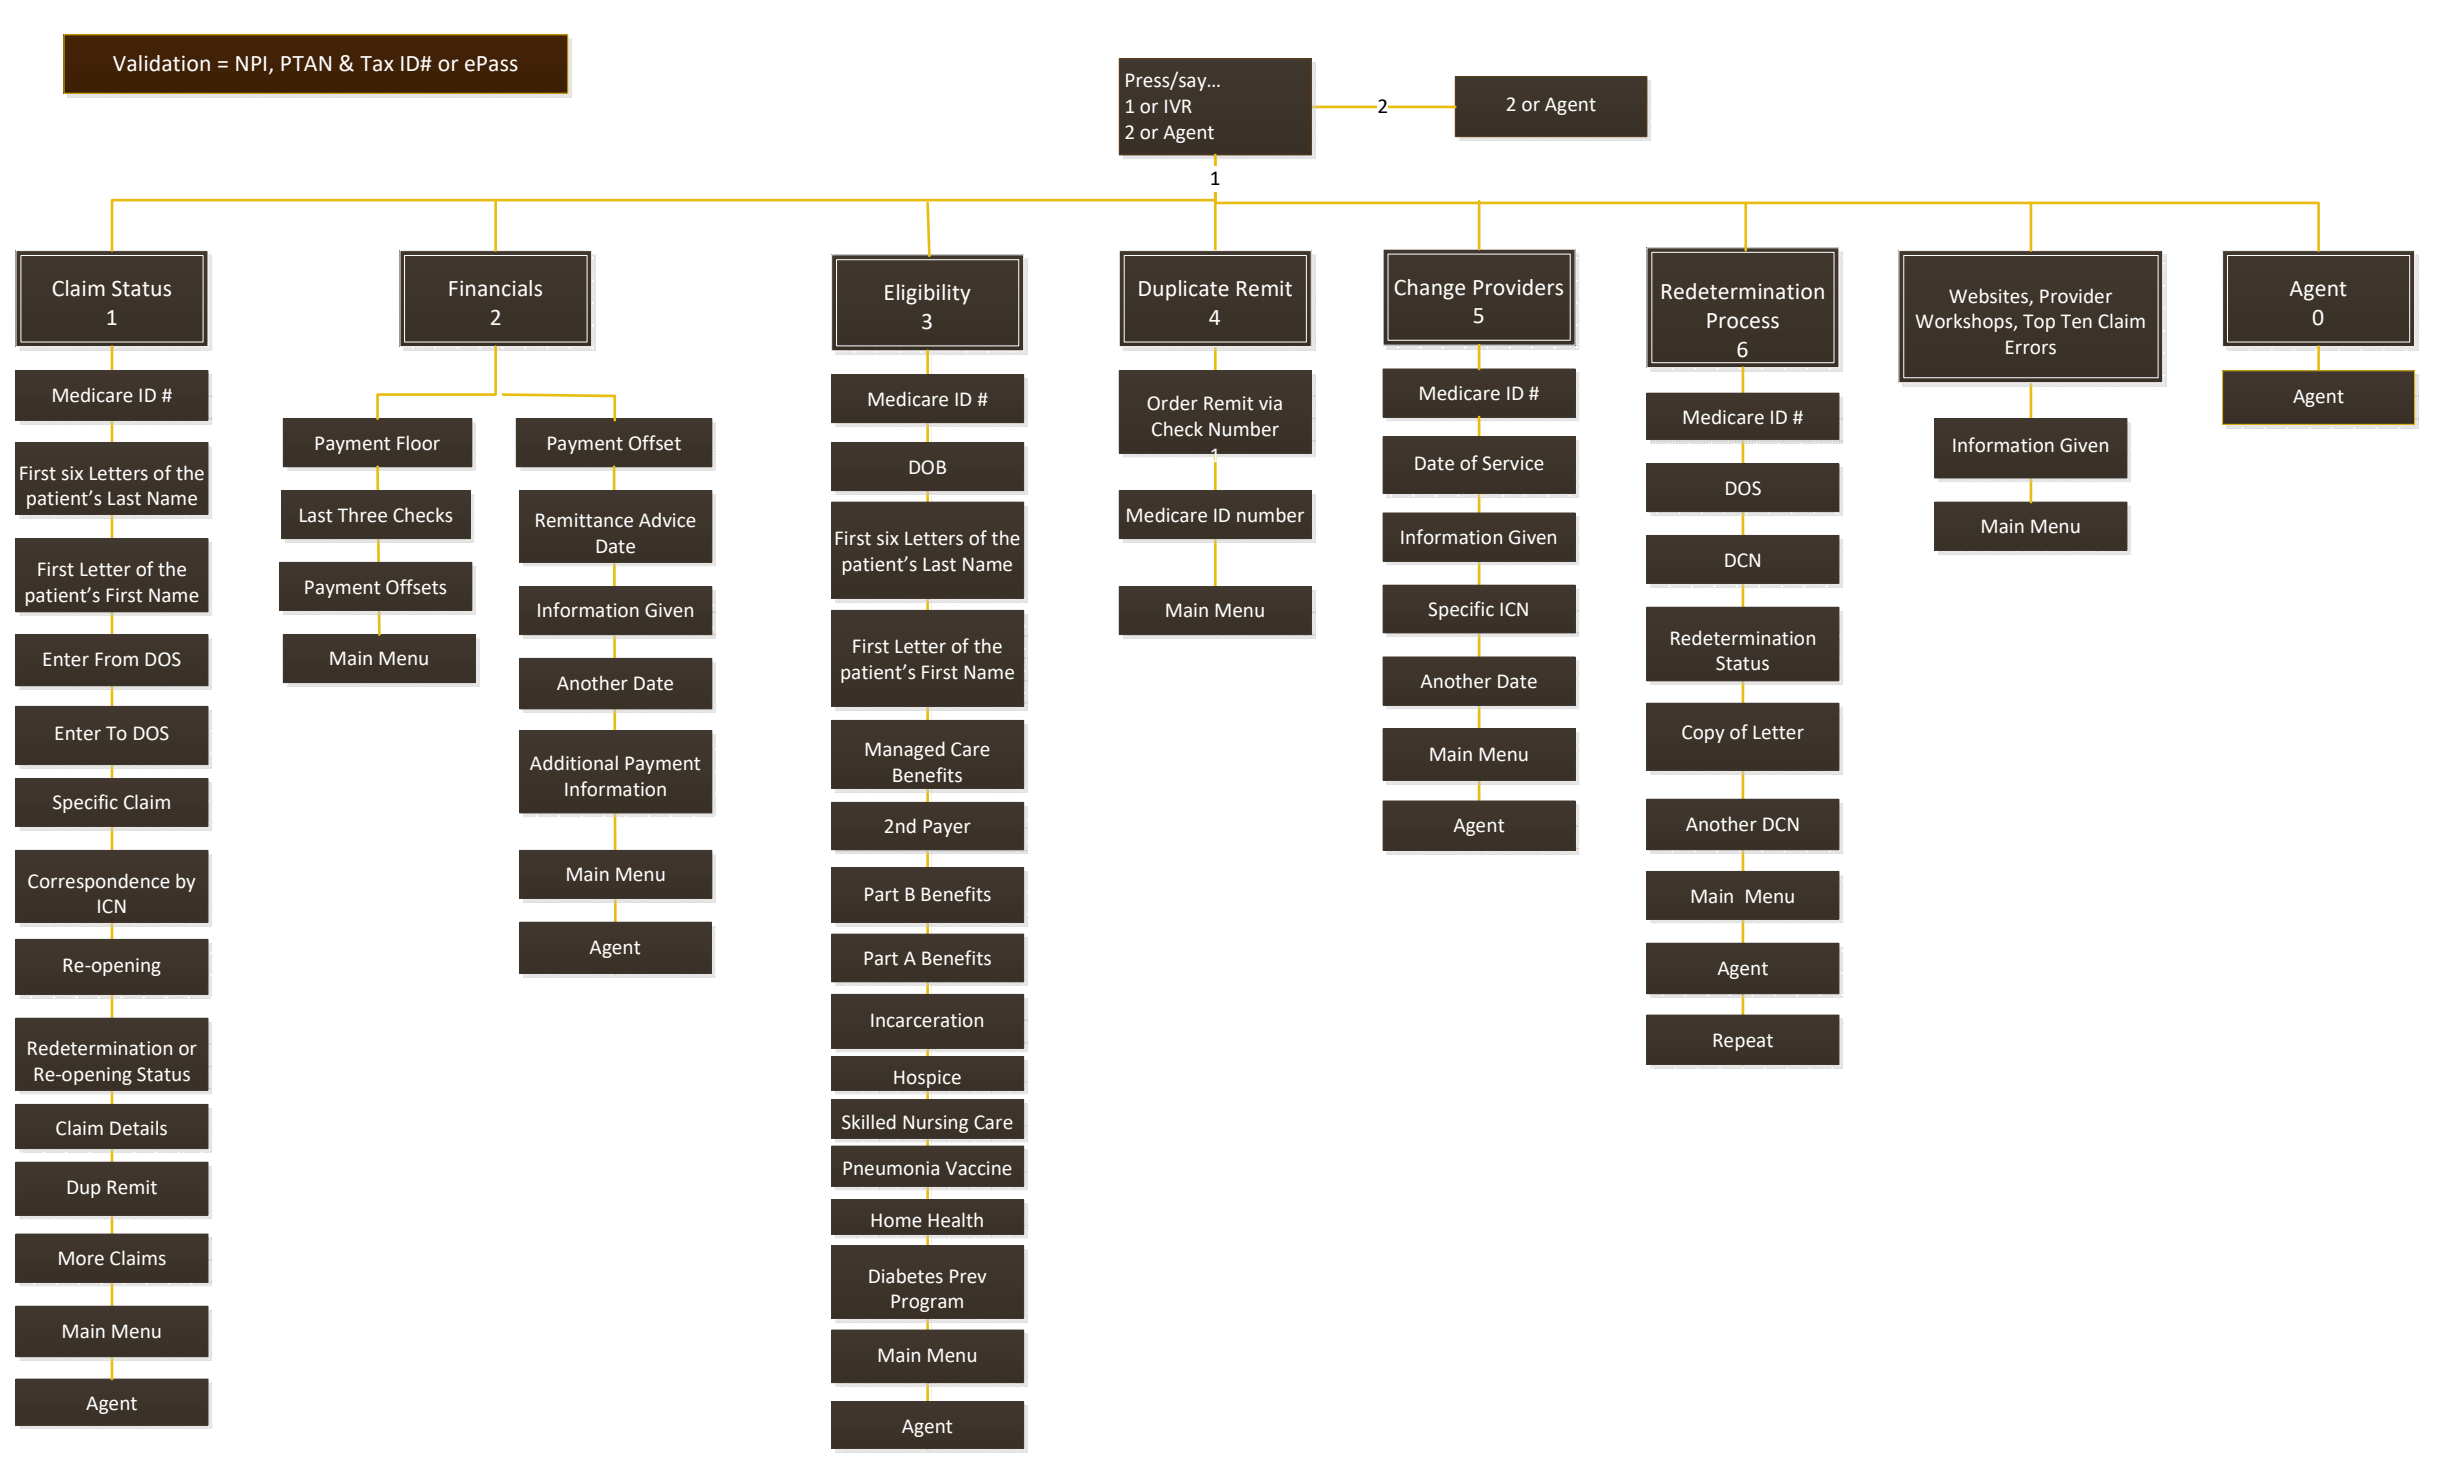

EDI Tips

eServices Password Resets
If you cannot reset your password and you are an eServices provider user (you have been granted access by your provider administrator), please disconnect and contact your provider administrator to verify your identity and regain access.

EDI Application Status
Providers must first attempt to use the online EDI Request for Enrollment Status form to receive application status. This form is found on the Palmetto GBA website under your line of business, select **EDI**, then **Enrollment**. In addition, please allow 20 business days for EDI application processing before calling.

Remittance Advice Restore
Providers are encouraged to use the online form for restoration of electronic remittance notices/advices and GPNet Response reports. By using this option, the reports will be restored to your mailbox. You will also receive a request confirmation by e-mail. This form is found on the Palmetto GBA website under your line of business, select **EDI**, then **Enrollment**.
