Quarterly Invoice Distribution Date – the date the TPA sends the Invoices to the manufacturer’s mailbox.

Quarterly Invoice Receipt Date – the day after the Invoice Distribution Date. Countdown to payment due, confirmation, dispute, and appeal dates begins on this date.

Invoice Payment Deadline – last day for manufacturers to pay amounts invoiced to each contract. Occurs 38 calendar days after the Invoice Receipt date.

Payment Confirmation Deadline – last day for the Manufacturers and Sponsors to confirm payment, 5 business days after the Invoice Payment Deadline.

Dispute Submission Deadline – last day for manufacturers to submit disputes for the quarter, 60 calendar days after Invoice Receipt date.

Dispute Resolution Deadline – last day for the TPA/CMS to respond to disputes filed for the quarter, 60 calendar days after the submission date.

Appeals Submission Deadline – last day for the manufacturer to appeal denied disputes, 30 calendar days after the dispute resolution date.

Appeals Resolution Deadline – last day for the TPA/CMS to respond to appeals, 90 calendar days after the Appeals Submission date.

Admin Appeals Deadline – last day for the manufacturer to file a final appeal to previous denials for the quarter, 30 calendar days after the Appeals Resolution Date.

After 24 months from the beginning of a benefit year, spanning 8 quarterly invoices, offsets will end.

*Dispute and Appeals deadlines listed are the latest possible date to submit the appropriate file. Files may be submitted earlier but subsequent deadlines should be adjusted accordingly, using the definitions above.

**All dates are subject to change without notice. #Dates changed from original schedule.

In the Medicare Part D Coverage Gap Discount Program we invoice accepted and validated PDEs on 4-quarter calendar year basis. Invoices are generated based on the quarter end dates of March 31, June 30, September 30, and December 31. PDEs that are accepted and that are not pended will usually be invoiced for the quarter they were submitted.

If a beneficiary fills a prescription on December 31 the PDE will not be submitted to CMS in time to be included on the Quarter 4 invoice. If the timely filing guidelines are followed and the PDE passes all edits it will be invoiced in Quarter 1 of the following calendar year. If there are data quality issues the PDE will be pended to the PDE Analysis Website for correction.

All Invoices are identified by the calendar quarter for which they were created; however, PDEs for a particular benefit year may appear on up to 17 quarterly invoices until PDEs for that benefit year are no longer accepted. So, for example, Quarter 2 of 2013 will contain accepted PDEs submitted between April 1 and June 30 of 2013. That quarter could also contain PDEs for benefit years 2011 and 2012. Q2 2013 would be the 10th quarter 2011 benefit year PDEs could be found on an invoice, and the 6th quarter a 2012 benefit year PDE could appear. But in both cases the benefit year quarter is used as a reference, and the identifier for the invoice is 2013 Q2.
