

MAO-002 Encounter Data Processing Status Reports

- The Encounter Data Processing System (EDPS) is currently processing MAO-002 reports for data received on February 13, 2013.
- If your organization submitted files prior to February 13, 2013, and you have not received your MAO-002 Reports, please contact CSSC Operations, with your file information, for assistance.
- Please ensure that you have confirmed the receipt of accepted 999 and 277CA Acknowledgement Reports prior to contacting CSSC Operations.

Multiple ISA/IEA Submission Transaction Update

- Due to system limitations, the combination of all ST/SE transaction sets per ISA/IEA cannot exceed **5,000** encounters. It has been determined that smaller files process better through the Encounter Data System (EDS).
- MAOs and other entities may submit multiple ISA/IEAs within a single transmission file.

Industry Feedback Request

- In order to determine appropriate requirements for EDS submission of Part B Drugs and Foreign Providers, CMS is requesting feedback from MAOs and other entities.

Part B Drugs

- Provide information regarding the volume of claims submitted in the NCPDP format. Of those claims, how many include valid NDC codes.
- Submit the information to eds@ardx.net.
 - Place in the subject line “NCPDP with NDC”.

Foreign Providers

- Provide information regarding the volume of claims received from foreign providers.
 - Submit the information to eds@ardx.net.
 - Place in the subject line “Foreign Provider Volume”.
- Additional information regarding these subjects is welcomed.

Reminders
